

National Council of Educational Research & Training

Industrial Skill Development, Vocational & Paramedical Science
औद्योगिक कौशल विकास, व्यावसायिक एवं पैरामेडिकल विज्ञान

1. Education is the most powerful weapon which you can use to change the world.
2. Learning gives creativity, creativity leads to thinking, thinking provides knowledge, and knowledge makes you great.
- * 3. To succeed in your mission, you must have single-minded devotion to your goal.
4. Failure will never overtake me if my determination to succeed is strong enough.
5. What is most important is to look ahead, to the future, to think of the next generation.
6. To succeed in your mission, you must have single-minded devotion to your goal.
7. Educationists should build the capacities of the spirit of inquiry, creativity, entrepreneurial, and moral leadership among students.
8. The best way to predict the future is to create it

Dr. APJ Abdul Kalam

PROSPECTUS 2025-2026

National Council of Educational Research & Training

Industrial Skill Development, Vocational & Paramedical Science

औद्योगिक कौशल विकास, व्यावसायिक एवं पैरामेडिकल विज्ञान

भारत सरकार द्वारा मान्यता

- * Course is also Recognized by Govt. Of NCT of Delhi.
- * Regd. NCT of Delhi, Under An Act 1882, Section 60 Govt. Of India
- * Run by Minority Education Trust, Board is an autonomous Organization
- * Registered with Ministry Planning Commission, Govt. Of India
- * Registered Department of Labour, Govt. Of India
- * Registered Ministry of Micro, Small & Medium Enterprises, Govt. of India
- * Affiliated Ministry of skill development entrepreneurship affiliate
- * Ministry Central Vigilance Commission Govt. Of India
- * Affiliated Ministry National For Women Commission Govt. Of India
- * Affiliated Ministry of National HUMAN Rights Commission Govt. Of India
- * Affiliated Ministry of Department of Chemicals & Petrochemicals, Govt.of India
- * Affiliated Ministry of Petroleum & Natural Gas, Govt. of India
- * Affiliated Ministry of Health & Family Welfare, Govt. of India
- * Affiliated Ministry of Agriculture Co-operation & Farmer Welfare Govt. of India
- * Running Under Govt. Of India National Education Policy, 1986. (MHRD) Govt. Of India
- * Affiliated Ministry of water Resources River Development & Ganga Rejuvenation Govt. Of India
- * Registered Membership- Early Childhood Association (E.C.A) Mumbai

Regd. Ministry of Micro, Small & Medium Enterprises, Govt. of India to take Admission in technical & vocational courses run by MSME. Govt. Of India.

National Council of Educational Research & Development. formed under Article 29 & 30 of Constitution of India

Institute for providing vocational courses at Secondary and Senior Secondary level, various UGC & Govt. Recognized Degree/ Diploma and Vocational courses

Under Human Right Protection Act 1993 autonomous bodies have been given special protection and consideration (For further details refer air1993sc2178)

According to Govt. of India National Education Policy, 1986,

Facility for admission exist and open to Hindi Institutions in Self Reorganization Act. (For further details letter 09.02.1987 d-1 (Bhasa) dt. 5th May 1988 may be referred to issue by the Education Department, Govt. Of India, New Delhi.

According to J.P. Unnikrishnan vs. Andhra Pradesh AIR 1993, Supreme Court 2178, Voluntary Institutions/ Society have Right to spread education & issue certificates for Degree/ Diploma.

Education Program Conducted by the Institution are in Strict Conformity with the Constitution of Indian Law of the land under article 19(1)G, 19 & 30(1) U/S 2(G)

Affiliation & Recognition are in compliance to section 10A of the Act, of Article 30(1) of the Constitution.

DIRECTOR'S MESSAGE

Dr. Subhash

It gives me great pride and satisfaction to write about NCERD National Council of Educational Research & Development. We are passing through a tremendously changing process and our younger generation must be accordingly trained, so that, they can address these challenges effectively, timely and meaningfully. In the present national scenario, everywhere there is problem of poverty, disorder in family, invasion on culture, mistrust, corruption, violence, terrorism etc and no confidence and fear prevail among people. If there is no peace among people of the nation there cannot be any creativity, and it will lead to lower productivity. To counter this situation the only option left with the nation is education. NCERD under the able guidelines of Ministry of Education MHRD, is flying high with Education Campaign by Government, the mission of "Education for all", from early to modern education. The mission "Education for all" specially for rural areas. village culminated into National Council of Educational Research & Development. We, at National Council of Educational Research & Development. provide excellent infrastructure, competent faculty, lush green environment for learning and all other facilities required for modern education. The main aim of the National Council of Educational Research & Development. is to provide modern education in the field of Arts, Commerce, Science, Medical Science & computer to the youth of India.

Dr. Subhash

GENERAL SECRETARY MESSAGE

Dr. Mahaveer Manjare
MBA, MA, M.PHIL

Education plays a key role in the overall development of the society. The role of education is definitely not limited to giving and grasping knowledge and theory. The true goal of education transcends much beyond just awarding degree and certificate to the students. As Mahatma Gandhi said, "By Education I mean an all round drawing out of the best in child and man -body, mind and spirit". The ultimate goal of education is the discovery of the meaning of life and the fulfillment of life and all mankind as well as for one self. The quest of education is knowledge, humanity, culture, wisdom and sharpness but it should be noted that knowledge is not given but earned and character is not granted but cultivated. National Council of Educational Research & Development. (NCERD) not only focuses on the theoretical curriculum, but also help in the development of a student personality, extra-curricular activities and over all perspective. Everything that makes a good institution are - a highly trained faculty, rich library, placement division, teaching methods, liberty to think and express themselves - we have it here. The objective of higher education in rural area is associated with employment as it ensures a positive attitude to see the universe from better angle and to analyze, determine and apply an individual's idea in a constructive development of society. I firmly believe that our National Council of Educational Research & Development. (NCERD) is more than just a place to learn. It gives you a chance to grow by equipping with everything you need to achieve excellence. We also started Personality Development Courses from this session. At NCERD we ensure students get the best start to their future career to become smart and careful citizen of our glorious country, India. I wish all the students a grand success in their career and prosperity in their future life.

A handwritten signature in blue ink, appearing to read 'Mahaveer Manjare'.

Dr. Mahaveer Manjare

DEPARTMENT OF ENERGY MOBILITY

COURSE NAME	COURSE CODE	MIN. QUALIFICATION	DURATION
BATTERY TECHNOLOGY	BT	10th	45 Days
ALTERNATE TECHNOLOGY	AT	10th	45 Days
MOTOR TECHNOLOGY	MT	10th	45 Days
AUTONOMOUS AI	ATAI	10th	45 Days

Course Objectives

- To develop talent in the field of electric vehicle technology
- To develop skills to solve limitations and issues of electric mobility
- To develop talent for future EV industries
- To create best research environment in the field of electric vehicle technology
- To produce entrepreneurs in the field of EV technologies

Scope of Employment

Issues like global warming and air pollution united whole world to take care of our environment. Government of many countries planned to ban production and future sale of IC engine-based vehicles to reduce CO2 emission. India is one of them decided to ban ICE from year 2030. Thus, including India whole world is promoting electrical propulsion system in all field. Electric vehicle including two-wheeler, three-wheeler, Cars & busses are major attractions. Numbers of start-up have been registered in electric vehicle segment in last few years. Improving density and reduction in li-ion battery cost slowly and steadily boosting up electrical vehicle market.

The Government of India encourages foreign investment in the automobile sector by allowing 100 percent FDI under the automatic route.

The Government of India aims to make automobile manufacturing the main driver of "Make in India" initiative, as it expects the passenger vehicles market to triple to 9.4 million units by 2026, as highlighted in the Auto Mission Plan (AMP) 2016-26.

India levies an import tax of 125% on foreign imported cars, while the import tax on components such as gearboxes, airbags, drive axles, is 10%. Therefore, the taxes encourage cars to be assembled in India rather than be imported as completely built units.

The government has formulated a Scheme for Faster Adoption and Manufacturing of Electric and Hybrid Vehicles (FAME) in India, under the National Electric Mobility Mission 2020, to encourage the progressive introduction of reliable, affordable, and efficient electric and hybrid vehicles into the country.

Beside government is also realizing requirement of large charging infrastructure to deal with issue like range anxiety and reliability of electric vehicles. Currently Indian government had decided to install charging infrastructure at every 3 km for 50 selected cities.

It results in opening new door of huge career opportunities in engineering & technology filed worldwide.

As per reported in India Times, Sep-2018, Electrical Vehicle makers facing shortage of engineers. EV industries India will required 15000 engineers over next two years or so according to reliable sources.

And over the next two years, demand is expected to rise three-fold to 15,000 but the supply is expected to be 10,000. Automobile companies such as Tata Motors, Mercedes-Benz, Mahindra & Mahindra and Maruti Suzuki are queueing up at India's premier engineering institutes to attract top talent in EV technology.
